A new way of getting your results.

OSFeLink provides you timely access to:

- lab results
- diagnostic test results
- hospitalization records
- procedural information
- discharge instructions

OSFeLink allows you access to an online view of your patients' chart. You can instantly call up online records of your patients who have had recent treatment at an OSF HealthCare facility. This includes complete medical records maintained by OSF physicians who use the full OSF electronic medical record, as well as records of imaging studies, lab tests and admissions from participating OSF hospitals.

Is there a fee for using OSF HealthCare **OSF**eLink?

OSF HealthCare is providing **OSF**eLink at no cost to those who refer their patients to OSF HealthCare for care. **OSF**eLink web-based service requires no installation on your servers or computers.

How do we get started?

- Your office will be contacted by OSF HealthCare with registration information.
- To maintain appropriate security, each user will be issued a login ID and password.
- Training video and a reference handbook will be provided.

What is OSF^elink?

OSF^elink is an Internet-based service specially developed to provide physicians who refer patients to OSF Healthcare System a secure connection to information about their patients' treatment at OSF.

How does OSF^elink work?

OSF^elink provides registered users with a secure immediate access to the electronic medical record information and test results from OSF HealthCare facilities.

The **OSF^elink** work-flow:

- After establishing an **OSF^elink** account with a secure log-in name and password, referring physicians and their designated office personnel can access patient reports at any point during the care of the patient at OSF, integrating **OSF^elink** updates and reports into daily practice activities.
- You are able to access the patient data for those patients you have recently referred for a set number of days following the patient's last encounter at an OSF HealthCare facility.

How do I find more information about OSF HealthCare OSF^elink?

To find out more or to register for **OSF^elink**, e-mail OSF^elink@osfhealthcare.org

OSF^elink will replace the results routing fax process. Through **OSF^elink**, designated users within your office will receive In-Basket notification of available results from an OSF HealthCare facility

should your patient receive care.

What computer equipment does OSF^elink require?

To access **OSF^elink** you will need a PC or Macintosh computer, internet connection and current browser edition of Internet Explorer or Mozilla Firefox. **OSF^elink** uses industry-standard encryption technology ensuring that only you and the staff at OSF HealthCare have access.

Where are the OSF Healthcare System facilities?

OSF Healthcare System provides state-of-the-art, compassionate care to more than 1.5 million people in the communities we serve:
